Greensboro, NC

This gracious southern home, in the lovely Fisher Park area of Greensboro, is our smallest facility. With only 30 residents, it is a microcosm of the Delancey Street model. Residents who do best in a small family environment thrive here. Residents are taught culinary arts, accounting, landscaping, construction, craft production, Christmas sales and decorating, moving and trucking as they share the responsibility of running these enterprises. Residents are active in community service and volunteering at local special events.

North Carolina - Started in 1987, completely renovated by residents.

Fisher Park Work Day, May 27, 2006.

Fisher Park Easter Egg Hunt, April 2006.
